

1 52082/FLC/S1137

WHAT IS CLAIMED IS:

- 5 1. An enclosed litter box, comprising:  
a chassis;  
a removable litter tray slidably coupled to the chassis;  
a manual rake located within the removable litter tray;  
and  
10 an enclosure mounted to the chassis enclosing the  
removable litter tray and rake.
2. The enclosed litter box of claim 1, the removable litter  
tray further comprising an integral handle having a downwardly  
15 facing opening.
3. The enclosed litter box of claim 1, the enclosure further  
including a notched recess for engaging a hook portion of a  
scoop to form a gravity lock  
20
4. The enclosed litter box of claim 4, wherein the scoop  
further includes a notched blade for engagement with a tined  
portion of the manual rake.
- 25 5. The enclosed litter box of claim 2, the removable litter  
tray further comprising:  
a transverse groove on an upper rim of a front  
portion of the removable litter tray; and  
an opening between a bottom surface of the groove  
30 and an interior portion of the integral handle whereby a  
user may dislodge a handle portion of the manual rake  
held in the transverse groove.
6. The enclosed litter box of claim 1, wherein the enclosure  
35 further comprises:

an outer surface; and

5 an adhesive label having a decorative motif on an  
outer surface is adhered to the outer surface of the  
enclosure.

7. The enclosed litter box of claim 6, wherein:

10 the enclosure outer surface further includes a  
decorative background; and

the adhesive label includes a transparent substrate  
whereby the decorative motif of the enclosure outer  
surface is visible through the adhesive label when the  
adhesive label is adhered to the enclosure.

15

8. An enclosed litter box, comprising:

a chassis means for supporting the enclosed litter box;

a slidably removable litter tray means within the chassis  
means for holding litter;

20 a manual rake means located within the removable litter  
tray means for separating animal waste from the litter; and

an enclosure means coupled to the chassis means for  
enclosing the removable litter tray means and the rake means.

25 9. The enclosed litter box of claim 8, the removable litter  
tray means further comprising a integral handle means having a  
downwardly facing opening for use in pulling the removable  
litter tray means from the chassis means.

30 10. The enclosed litter box of claim 9, the removable litter  
tray means further comprising:

holding means for holding the manual rake means in a  
detachable manner; and

35 dislodging means for a user to manually dislodge the  
manual rake from the holding means without exposing the

1 52082/FLC/S1137

user to an interior portion of the removable litter tray means.

5

11. The enclosed litter box of claim 10, further comprising means for adhering a decorative label to an outer surface of the enclosure means.

10 12. The enclosed litter box of claim 8, the enclosure means further comprising a gravity lock means for removably attaching a scoop means to the enclosure means.

15 13. The enclosed litter box of claim 12, wherein the scoop means further comprises a notched blade for engagement with a tined portion of the manual rake means.
